

Pardubice

1950

SECRET/SECURITY INFORMATION

- 2 -

ENCLOSURE B. (Cont'd)

50X1

LEGEND

Point #1. Building Area of Flying Academy: contained barracks, classroom, canteen, etc. All buildings on this airfield were brick.

2. Airfield Administration Building: three-story, brick; contained briefing rooms, former control tower (replaced by new control tower [Point 3] in 1950.) and weather station. The school commanding officer and other school officials worked there. [redacted] the commanding officer of the air base group (Letecká základna) always had offices in the caserne area while the commanding officers of the tactical or school unit had their offices on the flight line.

50X1

50X1

3. New Control Tower: standard type [redacted] 50X1
